The Dinosaur's Lunch

Agent Kahlo: Hola! Welcome to Stories by the Sea. Young art detectives at Bincombe Primary wrote stories inspired by this mural featuring a plesiosaur, which is called Past and Present. Take it away agents!

(spooky, echoey, underwater ambience)

Fish: I hope we don't see you know who today.

Crab: Me too. Floating around the place like he owns it.

Fish: He takes all the food, it isn't fair.

Crab: We should hide the food. I can go on land. I'll hide the food there.

Fish: Good idea! I'll hide the rest in this poisonous coral. It hurts him but not us.

The theme from Jaws plays as the Shark approaches

Shark: I need my lunch. Maybe some fish would be nice, or some crab.

Crab: Don't eat me! Eat the fish!

Fish: No! I'm far too scaly and my bones will make you choke. Why don't you try the delicious puffer fish?

Puffer fish: No! Don't eat me! I will swell up in your stomach!

The Ghost in the Ocean

(Sounds of a diver diving into the water, then sounds of them breathing from an oxygen canister. Finally the ominous sound of the Jaws theme as the shark spots the diver.)

Shark: I can't believe it. Another human disturbing my peace. I know how I'm gonna deal with you. *(speaking to the diver)* Want to swim super fast?

Diver: Sure why not?

Shark: Take this.

Diver: What will this potion do?

Shark: Give you super powers.

(Sounds of diver breathing through oxygen canister. Then a hiss and underwater bubbles)

Diver: Ahl'm turning into a ghost!

Sounds of the shark swimming away, then eerie whale-like song

Plesiosaur: I'm quite hungry today

Diver: Oh! What are you?

Plesiosaur: I'm a ghost dinosaur. I've been a ghost dinosaur for many many years because well, dinosaurs haven't been around for millennia.

Diver: Oh, of course. I only just became a ghost.

Plesiosaur: Oh. Want to play a game?

Diver: Sure, why not?

Plesiosaur: The thing you have to remember is that ghosts are invisible to the living. This way!

(sounds of underwater bubbles, then the shark snoring)

Shark: Who pinched me?

Plesiosaur: See what I mean?

Diver: Wow, this is fun. I'm gonna pinch him again.

Shark: Ow! Who's doing that?

Diver: One more for luck?

Shark: Get off! I don't like this! I think there's a ghost in the ocean! I'm getting out of here!

Plesiosaur and Diver: Go Team Ghost!

Agent Kahlo: Pssst! You've spotted there's different stories for the other two murals on this building, haven't you? Which one will you choose next?
